PROFESSIONAL SUMMARY

Motivated Computer Science and Engineering undergraduate at Lakireddy Balireddy College of Engineering with a strong CGPA of 8.37. Passionate about Artificial Intelligence, Machine Learning, and Large Language Models (LLMs). Proficient in Python, Java, and C/C++ with hands-on experience in cloud platforms (Oracle Cloud Infrastructure, Microsoft Azure) and AI-agent development. Demonstrated ability to build real-world projects including autonomous AI agents and full-stack web applications. Holds 11+ industry certifications from Oracle, Infosys, Cisco, Kaggle, and Deloitte. Eager to contribute to innovative teams and solve challenging problems through technology.

EDUCATION

Lakireddy Balireddy College of Engineering, Mylavaram
B.Tech in Computer Science and Engineering | CGPA: 8.37

August 2024 – Present

Chaitanya Junior College, Nandigama
MPC Stream | AP Intermediate Public Examination | 92.7%

August 2024

TECHNICAL SKILLS

Languages: C, C++, Python, Java, JavaScript

Web Technologies: HTML, CSS

Databases: MySQL, PL/SQL

Cloud Platforms: Oracle Cloud Infrastructure (OCI), Microsoft Azure, Power BI

Core Competencies: Data Structures & Algorithms, Object-Oriented Programming (OOP), AI Agents, Agentic AI

Areas of Interest: Artificial Intelligence, Machine Learning, Large Language Models (LLMs), Cloud Computing

VIRTUAL INTERNSHIPS

Java Programmer Intern – ConquerE-Learning

June 2025 – August 2025

Technologies: Java, AWT, Swing

- Designed and developed a console-based Student Management System using Java.
- Designed a Library Management System using Java with AWT and Swing.

Microsoft Azure Intern – AICTE Emerging Technologies

December 2025 – January 2026

Technologies: Microsoft Azure, Cloud Computing

- Gained hands-on exposure to core Azure services, cloud concepts, and deployment workflows.
- Strengthened understanding of real-world cloud applications and industry practices.

ServiceNow Virtual Intern – SmartBridge & AICTE Technologies:

ServiceNow, Flow Designer, Automated Test Framework (ATF)

- Gained hands-on experience with ServiceNow administration, platform navigation, and system configuration.
 - Explored Agentic AI concepts and their real-world applications within enterprise IT workflows.
- Built and tested automated workflows using Flow Designer and practiced test automation through ATF.

PROJECT EXPERIENCES

1. Agent Planner (Python | ADK)

- Built an AI-driven Day Planner / Planning Agent capable of generating structured plans and schedules from user input.
- Implemented task generation logic with Python and leveraged intelligent planning techniques.
- Demonstrates skills in problem solving, Python coding, and autonomous agent behavior.

GitHub: github.com/sdmazaharmehadi7/agent_planner

2. Portfolio Website (HTML / CSS / JavaScript)

- Developed a personal portfolio website showcasing projects and skills using HTML, CSS, and JavaScript.
- Highlights abilities in front-end web design and deployment of personal web pages.

Live: mazaharportfolio.vercel.app

3. Placement Predictor using Logistic Regression (Python | ML)

- Developed a machine learning model using Logistic Regression to predict student placement outcomes based on academic and skill-based features.
- Performed data preprocessing, feature engineering, and model evaluation using accuracy metrics and confusion matrix analysis.
- Demonstrates applied knowledge of supervised learning, scikit-learn, and data-driven decision making in an educational context.

GitHub: github.com/sdmazaharmehadi7/placement-project-LogisticRegression-ML

4. Real-Time Chat Application (MERN Stack)

- Built a full-stack real-time chat application using MongoDB, Express.js, React, and Node.js with Socket.io for instant messaging
- Demonstrates proficiency in full-stack JavaScript development, RESTful API design, and real-time event-driven architecture.

CERTIFICATIONS

- Oracle Cloud Infrastructure – AI Foundations Associate | Aug 2025
- Oracle Cloud Infrastructure – GenAI Professional | Sep 2025
- Oracle Cloud Infrastructure – Data Science Professional | Sep 2025
- Oracle Cloud Infrastructure – Foundations Associate | Dec 2025
- Infosys – Python Foundation Certificate | Aug 2025
- Infosys – Java Foundation Certificate | Dec 2025
- Cisco Networking Academy – C Essentials | Jun 2025
- Kaggle – 5-Day AI Agents Intensive Course with Google | Dec 2025
- NIELIT – MicroPython for Beginners | Jan 2026
- Deloitte – Cyber Job Simulation | Feb 2026
- Internal Hackathon for Smart India Hackathon 2025 | Sep 2025

HONORS & ACTIVITIES

- Contributed as Event Coordinator for Lakshya Technical Event – 19th Level Technical Fest.
- Participated in Smart India Hackathon 2025 and MSME 2025.
- Kaggle – 5-Day Agentic AI Program: Attended a 5-day intensive Agentic AI program by Kaggle; developed a Capstone Project: Day Planner Agent.
- SRM University – Research Opportunities Workshop: Attended a one-day workshop on Research Opportunities in Computer Science.
